

22nd June 2020

Dear Brothers,

Greetings once again from the Zoom sub-group of the Sustaining the Momentum Group. Thank you to all who have already registered for the three Zoom events in July. More than 60 Brothers have already signed up for the virtual meetings in July.

In order to accommodate some Speakers, a small change has had to be made to the advertised times of the Central Zone event on 4th July. The Zoom meeting for 4th July will now start about 90 minutes later than what was sent to you on 18th June. The new times for the Central Zone meeting are found below (highlighted). All the times for the other meetings remain the same. We wish to apologise for any inconvenience caused by this later start for the first meeting.

**Format:**

The Zoom meetings will be planned for a duration of about 90 minutes and the format will follow the process that we outlined previously. There will be an opportunity for small group discussions in the Breakout Rooms. You will very likely interact with someone that you have not met before.

We once again wish to remind you to send in specific questions about any aspect of the Chapter beforehand as this will help things to flow more smoothly during our meeting time together. Also note the deadline for registrations – **30th June 2020**. Some Brothers have already signed up for more than one Zoom meeting. More registrations from Capitulants and invited Brothers are needed. A Zoom link will be sent to you a few days before the event takes place.

We look forward to hosting you and interacting with you at one of the Zoom meetings in July.

Warm regards

*Steve, Michael and Puriey*
